

CERTIFICATION OF NON-DISCHARGE FROM REGULATED PROCESS

This facility shall not discharge regulated process wastewater to the sanitary sewer without the written authorization of SD1. Detection of any unauthorized process wastewater in the discharge will be a violation of this facility's Wastewater Discharge Permit and will result in enforcement action.

NON-DISCHARGE CERTIFICATION STATEMENT

I hereby certify that NO regulated process or rinse wastewater will be discharged from this permitted facility to the sanitary sewer during the time period of the permit. I further certify that regulated process or rinse wastewater will not be discharged from this facility without prior approval from SD1. I will contact the Industrial Pretreatment Department at (859)-331-6674 if a situation should arise necessitating process wastewater discharge.
